War Upon Film-Flamers.

Provincetown, Mass., July 16.—One arrest was made by the town authorities last night out of regard for the rights of the visiting sailor. Officer Kelly, the town's single policeman, arrested a man who gave his name as William Hearty, from Middleboro, on charges of being a suspicious character. Officer Kelly searched the man's clothes and found dice and shell, and locked him up pending trial Monday morning.

The discovery of gamblers dimming sailors on Evans Field revealed the fact that gamblers were arriving in numbers to fatten up on the sailors' earnings. The authorities have declared war upon film-flamers and special efforts will be made to round up and drive out of town all suspicious characters.

The flagship Vermont received visitors today, and large numbers of summer guests obtained their first view of a naval vessel's interior.

Admiral Bagley received the guests in his apartment at the stern of the ship. On Monday he will transfer his flag from the Vermont to the Kansas, the former ship being due to sail for the Boston Navy Yard for changes of equipment. She will return here as soon as that work has been completed.

Manoeuvres and exercises that are to occur off this port prior to July 21 are likely to include, besides the laying of naval defense mines, turning trials, the assembling of the fleet in two opposing squadrons for regular battle practice, large practice with rifles, and landing drills, with Long Point as the field of operations. All to accustom the men to actual conditions in time of war, with land as their temporary field of operations.

Torpedo Bots Leave Newport.

Newport, R. I., July 16.—The seventh, eighth and ninth torpedo boat divisions, led by the flagship, No. 10, under command of Commander E. W. Eberle, sailed for Gardiner's Bay, Long Island sound, today to meet the other ships that are to participate in the war manoeuvres off the Atlantic coast. Tuesday the summaries of the third division will leave here under sound orders.

3,000 MILES TO WED MAN SHE HAD NEVER SEEN

Prosperous Rancher of Goleta, Cal., Gets Eastern Bride Through an Agency.

Santa Barbara, July 16.—More than 3,000 miles to a State where she had never been, with the intention of wedding him the day she arrived, was the trip taken by Mrs. Anna Mariah Attwater, aged fifty-one, of Baltimore, Md. Everything took place according to schedule, and she is now Mrs. Lucien Beal, of Goleta, one of Santa Barbara's suburbs.

Mrs. Beal, who is sixty years of age, is a prosperous rancher, owning a large walnut grove, from which he derives a profitable income every year. He has been married three times, in each case securing his mate through a matrimonial agency. His former wives are both dead.

While they had exchanged pictures, Mr. Beal, as a second means of identification, wore a large red rose on the lapel of his coat when he met the train, and Mrs. Attwater lost no time in greeting the wearer as she stepped forth into a crowd of strangers.

"Mr. Beal, you are looking old chap," said Mrs. Attwater as she embraced him.

ON SERIOUS CHARGE

Percy Carter Arrested in New York, Woman Swearing Out Warrant.

Percy Carter, twenty-three years old, for whom the Richmond authorities hold a warrant alleging criminal assault, was arrested Saturday night in New York City, where he was employed by a street railway company. He moved away from here about a year ago.

Detective Sergeant Wiley will leave tonight for New York. He will today procure requisition papers from the Governor to bring Carter to Virginia. It will be necessary for him first to go to Albany, on account of the requisition laws of the Empire State.

Carter, it is said, had been living at 437 West Forty-fourth street, and learning of his presence there the local police wired the New York department and his arrest followed. It is said that the case will be vigorously prosecuted, and that Carter has been retained to assist the Commonwealth. The police refused last night to give the name of the woman who had the warrant issued. Carter was held by Magistrate Corrigan in New York yesterday in \$1,000 bail for examination to-morrow.

FOURTEEN ADDITIONS

Westminster Church Receives That Many New Members in One Day.

Fourteen additions to the membership of the Westminster Presbyterian Church were made at the midsummer communion service yesterday morning. There has been on an average of one new member each week during the pastorate of Rev. James Y. Fair, D. D., but the number yesterday was the greatest on any one day in the history of the church. The membership is now well over the 200 mark.

Eight weeks ago the Westminster Presbyterian Church organized a Sunday school in Scott's Addition. Its growth has been rapid, the membership at present being 122.

Work on the new church is progressing, and a date will shortly be decided upon for laying the cornerstone. It will be one of the events in the history of the church, and already plans are being made for the event.

Money Spent For PANACEA Mineral Spring Water is An Investment

Incomparably more judicious than in Government bonds. The one brings Health and Happiness—the other may bring neither. Wake up to the living fact—PANACEA WATER is a boon to humanity. If you have not done so, try it and feel the benefits it bestows.

SATISFACTION is a thing one cannot buy—but we give it with every purchase, or Your Money Back. Everything for men and boys' dress.

W. K. Perry

WATSON WILL NOT ACCEPT OFFICE

Fairmont, W. Va., July 16.—Senator Watson has no intention of seeking the chairmanship of the Democratic National Committee, which was suggested by United States Senators Johnston, Overman and Taylor at the dinner given in their honor at Senator Watson's home on Saturday night. Before leaving his home to-night for Washington he said:

"Under no circumstances could I consider that I be selected for the chairmanship of the Democratic National Committee. Of course, I consider it a great honor to have these Senators all good Democrats, express their preference for me for so responsible a position, but the thing is out of the question. My business affairs would not permit of my giving the time and attention to party affairs which the chairmanship would necessitate, and I cannot permit myself to be considered for the place. I appreciate the kind words of those who suggested me for the place."

GRIZZLIES FLEE FROM FIRE

Elmore, Mont., Northwest Forest Drive.

Portland, Ore., July 16.—One effect of the forest fires which swept great areas last year has been to drive a lot of grizzly bears from their former feeding grounds and make them a menace to stock. Many reports have been received here recently of the depredations of these animals on the east slope of the Cascade Mountains, and preparations are being made to hunt them down.

The Cascade Mountains have never been known as the haunt of the grizzly, but the Blue Mountains, about 200 miles to the east, however, the animals have been known to be fairly plentiful.

Great areas of the Blue Mountains and nearby ridges were burned over in the great forest fires of last year, and the supplies of food which they had been accustomed to is believed that they then wandered across the valleys to the range nearer the coast. Here they also found insufficient supplies, and so they have turned on the stock which ranges the east slope of the Cascades.

Berry Hockson, an old-time woodsman of the Upper McKenzie River, had a great surprise recently when he set out on an expedition into the Cascades. In the middle of one night several bears brought down one of his pack mules and ate it. He had to guard the others on succeeding nights, and with difficulty got out of the country with any of them. He has also suffered losses in stock, and will join with other hunters in going after this big game.

EMERSON AND BRIDE SAIL

Dillie Burke, Julia Marlowe and Soth-ers Also Off for Europe.

New York, July 16.—Captain I. Edward Emerson and his bride, the former Mrs. Anna Preston McCormack, started on a honeymoon trip to Europe today.

They were accompanied by Mrs. McCormack's two children, Ethel and Fred McCormack. They will return here in September. The passenger list were Miss Dillie Burke and her mother, Mrs. Dillie Burke, E. H. Sothers and Miss Julia Marlowe.

JACKIE CLARKE GAINS AGAIN.

Australian Cyclist Working for Title of National Champion.

Newark, N. J., July 16.—Jackie Clarke, the Australian cyclist, gained again today in his effort for the title held by Frank Kramer, the national champion. He won the five-mile event at the Velodrome. Alfred Goulet was second and Kramer, who delayed his final start too long, came in third. By winning the event Clarke shortened Kramer's lead for the season to seven points. The champion has 28 and Clarke has 31 tallies, including the five points to the winner of today's race.

HIGH SPEED TO BE BLAMED FOR WRECK

Federal Inspectors Will Not Place Whole Responsibility on Engineer.

Washington, July 16.—Reports of the safety appliance and wreck inspectors of the Interstate Commerce Commission on the wreck of the Federal Express at Bridgeport, in which four Washingtonians were killed, centre around the excessive speed at which the train was run. The report will show that there was an open switch, as has been charged. The switch which the train passed over was a "cross-over" switch, and was in order, the report will say.

Interesting testimony is promised as to why the dead engineer took his train through the city so fast, and the inspectors will not place the blame wholly on him, if at all.

Belnap Refuses to Talk.

These facts regarding the report were learned this morning at the offices of the Interstate Commerce Commission. Although Chief Inspector Hiram W. Belnap, for the commission, refused to make a statement regarding the report.

Mr. Belnap, who returned to Washington yesterday afternoon from Bridgeport, reported at once to Commissioner Caleb McChord, who has the matter of safety appliances under his special province. Two other inspectors, Oscar C. Cash and H. K. Swazy, are still at Bridgeport so far as Mr. McChord and Inspector Belnap know. These two inspectors have been attending the inquest and probably will not be back in Washington until Monday or Tuesday. They will then join with Mr. Belnap in formulating in exact terms their report as to the causes of the wreck.

No Formal Meeting Planned.

The Interstate Commerce Commission probably will not hold a formal meeting to consider the report, according to Commissioner McChord, but the several members will read it separately and will confer with the inspectors. After that the commission expects to make some recommendations to Congress regarding legislation.

Commissioner McChord declined to talk about Inspector Belnap's informal report to him.

"The report will probably be made public in due time," said Mr. McChord. "It would not be right to discuss it in advance. Certainly it would be unfair before all the facts are presented to say that the engineer or the railroad officials did it a purpose."

DOG HERO BEATEN IN SURF RESCUE

Atlantic City, N. J., July 16.—Joseph Gallagher, manager of the Dunlop Cafe, attempted to swim around Young's old pier this morning, accompanied by a large shepherd dog.

When off the end of the pier he was seized with cramps and cried for help. The dog instead of deserting him, grasped Gallagher's jersey in its teeth and tried to hold him up. Gallagher, in fear, tried to break the dog's hold, thinking the dog was trying to drown him, but the dog refused to release his guards, who attempted to beat the dog away, but the animal would not release his hold until he was hit on the head with an oar.

Gallagher sank, and one of the life guards dived after him. He was brought to shore and taken to the hospital, where the dog was rescued. Both were taken home.

REST BUILDING IS BURNED

Arbuckle's Home for Afflicted Persons Destroyed When Almost Completed.

Poughkeepsie, N. Y., July 16.—The "Colony Building," which John Arbuckle built on his farm, near Paltz, as a home for those needing outdoor life to recuperate from illness, was destroyed by fire yesterday morning, along with all the other buildings on his 60-acre farm on the plains between Lake Ontario and the Hudson.

The "Colony Building" was part of Mr. Arbuckle's plan to establish a centre for recreation and partial support for men and women of all ages who needed employment in the open air and nutritious food. It was erected on the lines of a large hotel, and cost in the neighborhood of \$75,000. It was not yet completed, with the exception of a few minor details.

The night watchman discovered fire in one of the upper stories at 2 o'clock yesterday morning, and at once turned in an alarm. When the firemen from New Paltz reached the burning building they found that there was no water with which to fight the flames, and the building was burned to the ground, along with the power station and farmer's house, which adjoined it. When Mr. Arbuckle was told of his loss yesterday morning he said:

"I am too crushed by this to discuss it. I know what I shall do about rebuilding. I do not know how much the money loss is or whether there is any insurance. I leave all those details to others."

FATAL EPIDEMIC PREVAILS

Plague in Mitchell County Is Raging Skilled Physicians.

Ashville, N. C., July 16.—A fatal epidemic prevails in Mitchell county which has heretofore been unknown to medical science, and is baffling skilled physicians, who have made every effort to check the malady, which manifests itself by small blood spots on the tips of the fingers, passing through the arm into the body, and resulting in death within a few days after the first sign appears. The plague has claimed a number of victims in Mitchell county, one of whom was Dr. F. P. Sizemore.

Dr. Charles Buchanan, a prominent physician, became affected a few days ago, and was sent to Johnson City, Tenn., where his condition is said to be critical. There are no paroxysms accompanying the attacks; the disease appears to move rapidly from the finger tips, along the arm into the body, and reaches the heart within a day or two, resulting invariably in immediate and apparently painless death. No permanent relief has thus far been discovered, and it is reported that the rapidity with which the malady is spreading has become alarming.

FETES IN HONOR OF NAMING AMERICA

St. Die, France, July 16.—The America, which is especially naming America occurred today. The American Ambassador, Robert Bacon, and M. Le Brun, the French Minister of Colonies, after an automobile trip through the picturesque outskirts of the town, proceeded to the City Hall, where the municipality gave a banquet in honor of the distinguished guests.

M. Le Brun proposed the health of the American ambassador. He spoke in English, saying that the French government was glad to take part in the fetes, because it afforded France an opportunity of responding to the expressions of sympathy with France in America, which are especially numerous this year, and of deducting from them the French ambassador, that no material difficulty could arise from bonds of confidence and friendship which united the two countries.

Ambassador Bacon said, in reply, that his presence at the fetes as the representative of the United States had proved that the United States had forgotten neither her baptismal name, and sword which France threw into the scale for her independence.

"The image of St. Die, where America received her name," said the ambassador, "takes a place in our hearts beside Versailles, where America contracted with France an indissoluble alliance."

Toasts were drunk to President Fallières and President Taft. The celebration closed with an aviation exhibition at the aerodrome. Twenty thousand persons saw brilliant flights by Sommer and Nieuport.

HARMON STILL FAVORITE

Ohio Democrats Think He Is the Only Man to Beat Taft.

Columbus, O., July 16.—The report emanating from the secret emissaries of Democratic presidential candidates, who have been cautiously traveling about Ohio investigating rumors that Governor Harmon is to be fought by the State organization, have learned that the row within the Ohio Democratic party is confined to a fight between the factions to control the party machinery and to rule the next State convention.

The Democratic party in Ohio is having the trouble that all successful political parties experience. Governor Harmon will shortly retire from the leadership of the Ohio Democracy, and both leaders of the two factions want to take over the reins which he will relinquish.

MRS. POST PLEADS POVERTY

Wife of Rich Aviator Not Able to Pay Bills.

New York, July 16.—Mrs. Emma C. Post, estranged wife of Augustus T. Post, the wealthy aviator, who has three times been the wife of wealthy men, is almost penniless.

After having spent most of her life living in fashionable hotels, she confessed before Justice Schmuck, in the

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy.

Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains such valuable information.

City Court, that she was forced to live in a cheap room and content herself with two 25-cent meals a day.

Mrs. Post, who is still a handsome woman, testified in supplementary proceedings in connection with a bill for \$28 that she owes a Fifth Avenue dressmaker. She said she was unable to pay the judgment because she has been forced to live on borrowed money for some time.

"I paid a week for my room in a hotel and live on two meals a day, that cost 25 cents each, at Mrs. Belmont's club," Mrs. Post explained.

"Do you spend \$5,000 a year?" Mrs. Post was asked.

"No," she replied.

"Where is Mr. Post?" "I cannot tell," she have separated. The separation action that I started has been discontinued. In December, 1909, he paid me \$5,000 in lieu of all money."

"Did you ever have a bank account?" "Yes, the day I got the \$5,000. But I spent nearly all the money the day I got it."

Mrs. Post explained she paid \$1,000 to lawyers, \$500 to redeem jewelry, sent her daughter \$500 for physicians' bills and paid the remainder for her living expenses.

Mrs. Post has three children. Her daughter, Mrs. Scibell, is living in Paris, France, her son is in Texas, and another daughter, Emma, is living in Ottawa.

When Mrs. Post was seventeen years old she was married to Judge Keaghey, in Texas. Seventeen years later she became the wife of Daniel Holliday, then Governor of Virginia. Her marriage with Holliday had their marriage annulled, and in 1908 she became the wife of Post.

LIGHTNING CURES DEAFNESS

Bolt Renders Elderly Woman Unconscious, but Restores Hearing.

Winsted, Conn., July 16.—Although she suffered great pain as the result of being struck by lightning during a recent storm, Mrs. Jane Decker, aged sixty-five, of Canaan, is glad she was hit by the bolt, because the accident restored her hearing. She had been deaf since childhood.

The bolt of lightning entered the roof near the chimney, shattered a number of rafters, tore through two floors, wrecking windows and frames and stunning both Mrs. Frederick Stevens and her mother, Mrs. Decker, who were standing close together. Mrs. Decker was rendered unconscious, and was lame and sore for a number of days. Her hearing is unusually acute as the result of the shock and she is now able to carry on a conversation in an ordinary tone of voice.

WEDDING USHERS ARMED

Carried Revolvers Because of Threats Made Against Bride.

Bridgeport, Conn., July 16.—Much interest is being taken in an incident which occurred at the wedding of a young woman promised to a local city. According to the story, which is corroborated by the police, although they decline to give out any names, the six ushers at the ceremony were all heavily armed. They carried loaded revolvers in their hands, and were ready to use if threats which had been made against the bride were carried out.

The threats were made in a series of anonymous letters to the bride, and were that if she persisted in marrying the man to whom she was engaged there would be trouble at the wedding ceremony. A police guard was held near the scene, but everything passed off quietly.

JENNY AND JUDY QUIT RACE

Battle for Party Supremacy Has Ignominious End.

Philadelphia, Pa., July 16.—Jennie and Judy have quit. The race to Washington is off. Colonel Jack Abernathy and his two boys, Louis and Temple, are disconsolate because they could not finish what they set out to do. They are going back to New York by recognized and commonplace methods of travel to-morrow, and then in a few days they will trap back to Oklahoma.

The reason of all this upsetting of plans is that Jennie, the Democratic candidate, has sore hoofs, and Judy, the Republican elephant, has a fever. Other animals are now in New York. Jack got there by way of a box car yesterday.

Jack Evans and Colonel Abernathy, who are stopping at the Bingham House, regretted the close of the race. They expressed themselves forcibly, somewhat after the manner of Westerners, yesterday at the inability of the animals to stick it out. In the meantime Keystone party men see an omen in all this. They say that neither the Republican nor the Democratic party will reach Washington in 1912.

MILITARY INSTRUCTOR

Lieutenant Le Masurier to Assist at Benedictine College in Fall.

First Adjutant Joseph Le Masurier, adjutant of the Richmond Light Infantry Blues, has accepted the position of military instructor in the Benedictine College, which will be opened in this city in September. He is engaged in preparing a course of instruction for the military work of the school.

This occupation will not interfere with Lieutenant Le Masurier's duties as chief clerk to the Adjutant-General of Virginia. He will drill the students early each morning, and late in the afternoon he will give instruction in military matters.

By his own experience in the militia, Lieutenant Le Masurier has seen service with the United States, having been in command of a Virginia company during the Spanish-American War.

STRICKEN MAN IS FROM NORFOLK

Chattanooga, Tenn., July 16.—It is now certain that the young man found here yesterday, who had forgotten his own identity, is Jack King, of Norfolk, Va., an assistant paymaster of the Virginia Railway. Telegrams have been received from relatives in Norfolk and in Wyoming, a suburb of Cincinnati, directing that specialists be employed in an effort to restore King to his right mind.

Being shown telegrams from relatives, King failed to recognize the name, and could remember nothing of any one claiming to be related to him. The stricken man is being held in a local hospital with physicians in constant attendance. They can discover no injury, and state that King is in perfect physical condition. They are at a loss to know what has caused the peculiar condition of the man's mind.

ORDERED DRUNK, REFUSED TO PAY

Norfolk Man Explains He Matched \$5 Bills With Newly-Made Friends and Lost.

[Special to The Times-Dispatch.] New York, July 16.—Jean S. Oakes, of Norfolk, Va., appeared before Magistrate Herbert in Jefferson Market Police Court today to answer complaint by Leon Mizeau, a waiter employed in a West Thirty-eighth Street restaurant, who said Oakes had refused to pay a bill of \$6.

Oakes told the magistrate that he would pay if he could communicate with his friends.

"I have been four days in New York. Your Honor," Oakes said, "something happened to me at the table. I was ordered drunk, and the waiter would not let me pay a bill of \$6. When his bill was submitted refused to pay."

"What happened to you?" asked the court.

"I was matching \$5 bills with two newly made acquaintances. I lost, and my new made friends left me in the lurch."

Magistrate Herbert adjourned the court for two hours to give Oakes opportunity to communicate with his friends, but when the case was called again Oakes failed to make good. The court asked if the waiter would be satisfied to parole the defendant until this morning. The waiter said he would.

"I will give security," said Oakes, giving a heavy gold chain and watch for to the waiter, who accepted the jewelry and left the court smiling.

DEAD MAN RIDES ATOP CAR

Brakeman Struck by Bridge Not Missed for Many Miles.

Greenwich, Conn., July 16.—The large crowd of New York commuters arriving here just after the noon hour were interested spectators of the removal of the body of George F. Dalton, a freight brakeman, from the top of a freight car, where it had been carried less for more than an hour after the man was struck down by an overhead bridge somewhere between Bridgeport and Sound Beach. Dalton, who had been a brakeman less than six months, was running on the freight train when Engine 30 drew out a train of fifteen cars from Bridgeport.

Dalton was last seen alive on top of one of the box cars when the train watered at Stamford. He did not put on an appearance, but neither the conductor, M. Devitt, the engineer, J. B. Mack, or the fireman, F. W. Chelton, thought much of that, as the caboose was so far from the engine, and the train was allowed to continue through Riverside. The man in the signal tower recovered the body in a pool of blood on the car roof, and signaled Greenwich to stop the train. The body was recovered from the roof almost directly under the overhead passenger bridge at the station here.

Dalton was about twenty-three years old and married. He made his home in New Haven.

PRIESTS JOIN IN FRAY.

Religious Procession Ends in Violent Collisions.

Lisbon, July 16, via the frontier.—It is reported that 2,000 men from the island of Madeira, who are ardent Monarchists have joined the Portuguese Royalists in Spain, and are now awaiting a large consignment of arms and ammunition from Belgium to replace those seized recently.

The Diario Popular says that the religious procession continues to be the cause of rioting and bloodshed throughout the country. Yesterday at Povoa de Lanhoso, a religious procession ended in violent collisions between Catholics and republicans. Some priests joined in the fray, dealing blows right and left.
